FOREWORD

Our Belted Galloway Herd was set up in 2002 with a pure mind set to establish the best Beltie Show Herd we could. We set the ball rolling by poaching Jim Frame our stockman from the Dumfries & Galloway area of Scotland right in the middle of Beltie territory.

We initially made a few trips to Scotland on the lookout for potential breeding stock, the Scots are a canny bunch, however, we did manage to acquire a few heifers and cows but they weren't over keen on letting anything too good head south of the border, especially to newcomers! We then came upon a Dun herd dispersal sale by Christopher Marler where we managed to secure some more good animals.

Since then we have always strived to buy the best breeding stock we possibly could and always attended the annual Wallets Mart Beltie sale each October in Castle Douglas. In 2004 at the Highland Show we bought our first Black and White bull whose mother that year was Breed Champion. We now have a completely Black & White herd.

We have achieved excellent showing rewards over the years with Breed Champion across the board on more than one occasion.

Mainly due to the age of the Howe Mill Estate owner who is now 81 years old, things are being streamlined and we are now sadly in a position that the farm and Beltie Herd has to go.

Howe Mill Estate – August 2020

Today's Dispersal Sale of the Howe Mill herd of Galloway Cattle gives buyers a rare opportunity to acquire some tremendous bloodlines and families put together by Jim Frame and the Howe Mill Team over recent years.

Buyers will find much to enthuse about including Sons and Daughters by the 8,000 guinea Lomond Auchentoshan head Stock Bull alongside plenty of cattle with show potential and many that have already been awarded rosettes.

Voyce Pullin are most grateful to have received today's instructions not only to offer for sale this superb herd of Galloways but to also offer for sale the Tractors, Land Rover and Machinery that have been maintained to a very high standard.

Jon Pullin – August 2020

BREED SOCIETY INFORMATION

Potential purchasers who are non-members and who may wish to become members are referred to the Belted Galloway Society who can be contacted through their Breed Secretary and website as follows:

Mrs Christina Cormack
Belted Galloway Society
Oxnam Neuk Farmhouse
Oxnam
Jedburgh
Scottish Borders
TD8 6RE
Office: 01896 820148
Mobile: 07891 245870
E-mail: info@beltedgalloways.co.uk

Potential purchasers wishing to register stock are referred to the Breed Standard and registration procedure for Belted Galloways listed under the Breeders sub heading on the website.

Full details are given under this sub section with regard to the two stages in registering a Belted Galloway:

1. Birth Notification
2. Full Pedigree Registration

TRANSFERS OF PEDIGREE STOCK

When animals change ownership it is the responsibility of the Vendor to inform the Society and to return the Pedigree Certificate to the Secretary. A new Certificate will then be issued showing the details of the new owner. The Vendor shall pay the transfer fee of each animal in the sum of £12 (incl VAT) for each and every transfer. It is therefore most important for Purchasers on paying for their animals to notify the Auctioneers if they wish the Pedigree of any purchased beast to be transferred. The Auctioneers Office will then advise the Vendors with regard to each animal to be transferred and the Pedigree Certificates will be sent back to the Society and re-issued to the new purchaser. Cattle passports will of course be issued with invoices and must travel with the purchased stock. Purchasers wishing to export animals outside of the United Kingdom should also be aware of the Society Rules with regard to Export which are as follows:

BELTED GALLOWAY EXPORT RULES

Potential Purchasers for export are reminded of the Belted Galloways Society Rules with regard to export.

1. The Secretary must be informed in good time by the breeder that an animal is going to be exported.
2. The animal must be Full Pedigree and if a Bull to have passed an inspection and a DNA test.
3. The Breeder must send the Pedigree Certificate to the Secretary so that the animal can be transferred to the new owner in the Society Records and on the reverse of the Certificate. An Export Certificate using this information will then be produced by the Secretary.
4. The Export Certificate will not be issued until paid for and the animal must not leave the country without this documentation. If the animal leaves the country without the Export Certificate then the Society will have no further interest in the animal.
5. The cost of Export Certificates payable by the purchaser are as follows:
 - Bulls - £75.00
 - Females - £60.00

The Purchaser is responsible for the cost of all export documentation required.

Purchasers are also reminded that all movements must take place within 60 days of the last clear TB Test date which commenced from the injection date of Monday, 17th August 2020.

In advance of sale potential Exporters should also contact the Herd Manager, Jim Frame (07733 453869) who can pre warn the necessary professionals who will undertake the required DNA test procedures.

All costs associated with DNA testing or other costs and timings relating to any export requirements shall be borne by the purchasers. Potential exporters should also contact Mr Jim Frame to make sure that any delayed movement off farm can be satisfactorily accommodated for.

CONDITIONS OF SALE

- 1 The Auctioneers sell as agents for the Vendor (except where they are stated wholly or partly to own any lot as principal) and as such are not personally responsible for any default by the Vendor or Purchaser.
- 2 Subject to the reserve price (if any) being reached, the highest bidder for any lots shall be the Purchaser, and if any dispute arises, the Auctioneers may determine the same, or the lot may be put up again and resold at their discretion.
- 3 The bidding at all times to be at the discretion of the Auctioneers, who reserve the right to refuse any bidding or to withdraw any lot or lots from the sale, and to sell in such order and combine lots as they think fit. No bidding shall be retracted.
- 4 At the fall of the hammer, each Purchaser shall upon request give to the Auctioneers his or her name and address, and pay for any lots purchased at the close of the sale.
- 5 No lot or lots shall be removed from the premises until paid for, but each and every lot shall, at the fall of the hammer, be considered as delivered and at the risk of the Purchaser and shall be removed from the sale field at the Purchaser's expense and taken with all faults and errors, save as hereinafter provided.
- 6 The Auctioneers describe each lot with care from information supplied by the Vendor or from their inspection when cataloguing but no allowance will be made for errors of description or misstatement contained in advertisements, catalogues or given verbally at or before the sale. Buyers should satisfy themselves prior to the sale of the condition of each lot.
- 7 Purchasers paying by cheque must be prepared, if required, to produce a letter of credit from their bankers.
- 8 The Auctioneers will, at the Purchaser's request, transfer lots to another Purchaser, but the original Purchaser shall not cease to be responsible for the purchase money and, in the event of default may be sued for the same.
- 9 No lot of any description is sold with a 'warranty' or 'condition', unless specifically mentioned at the time of sale.
- 10 If a Purchaser shall fail to comply with any or all of these conditions any money deposited will be forfeited and any lot which remain uncleared after the times and date specified in the General Remarks will be sold by public auction or private sale, without notice to the Purchaser, and the deficiency (if any) arising upon the resale together with interest thereon (at a rate of 15% per annum) and all costs, charges and expenses incurred shall be due as a debt by the Purchaser in default upon the first sale and be recoverable as for liquidated damages.
- 11 Accidents – Every person attending the sale shall be deemed to be there at their own risk and neither the Vendor nor Auctioneers will be responsible for any damage to life or limb or property, prior to or during the progress of the sale, or at any time during the removal of lots. Cars are parked entirely at the Owner's risk.
